

# K-Mac Powerheads

## ECO SERIES

### removable pedestal

plug into safety

This revolutionary new system provides options for powerhead installations.

Mains services are run into a grid of weatherproof underground pits. When services are required to one or more sites, simply plug in a K-Mac Powerhead Eco Series pedestal.

Sullage incorporated into the system is a popular environmentally friendly option.

#### Some great Benefits -

- Plug in and removal by your own park staff
- Increased longevity of a valueable asset
- Sullage option prevents pollution of water ways
- Powerheads protected from accidental damage
- Protection from vandalism
- Create extra revenue from overflow areas
- Reclaim areas for 'open space' usage
- Makes mowing a breeze
