## Pedestal

# KP Series

## Safety and quality in a contemporary design.

The slimline KP Series is designed for the discerning eye, offering visual appeal and a point of difference. It comes fitted with or without kWh meters, making it suitable for a range of applications, including tourist, permanent and annual sites. The modular light design provides saturating vicinity lighting to illuminate those dark corners of your park. It is available with the full range of options, including water taps, lighting, TV and lockable doors.
